"There is no joy like the joy of welcoming another child into your life. You will marvel anew at how perfectly formed your little one is and over how quickly you will fall head over heels in love with him. You will be enchanted with every tiny aspect of her appearance. The color of her hair, the shape of her nose, and the winsomeness of her smile will occasion endless happy debates about from which side of the family (yours, of course) she got that adorable trait."
